The undersigned notes that the Notice of Abandonment was mailed and received by the undersigned at the designated correspondence address.

In accordance with MPEP § 711.03(c)(I)(A), the undersigned states the following: (i) the Missing Parts was not received by the undersigned; and (ii) the undersigned has searched through the file, the file jacket, and docket records and did not locate any papers or references regarding the Missing Parts. The Undersigned's Docket Record

The undersigned has attached herewith a copy of the undersigned's docket record for the month of December 2004. The undersigned's docket record for the month of December 2004 includes pages 145-159. The undersigned's docket record is updated monthly and is used by the undersigned to be reminded of due dates for various prosecution matters such as response to missing parts, payment of issue fee, response to office action, etc. in which the undersigned is responsible to handle. As the undersigned's docket record is updated monthly, the undersigned does not have access to earlier docket records.

As such, page 145 of the undersigned's docket record for the month of December 2004 lists various prosecution matters for different patent applications due for response between February 5, 2002 and June 26, 2004. The two month time period for response to the Missing Parts is January 24, 2004 and the five month extension time period is June 24, 2004. As the undersigned is responsible for the above-identified patent application, the mailing and docketing personnel would have entered entries dated January 24, 2004 and June 24, 2004 for response to the Missing Parts in the undersigned's docket record if the Missing Parts was received at the designated correspondence address. Such entries would be present on page 145 of the undersigned's docket record for the month of December 2004. As noted, page 145 of the undersigned's docket record for the month of December 2004 does not have Missing Parts entry.

The File Record

The undersigned has also attached herewith a copy of the front cover of the physical jacket file (KOA 0236 PUS) for the above-identified patent application. The front cover is "a file record" where the Missing Parts would have also been entered by the mailing and docketing personnel if the Missing Parts was received at the designated correspondence address. There are no entries regarding the Missing Parts on the file record.
